## **QUICK OVERVIEW!**

History tells that huge events like CANNES, IFFI GOA [organized by Indian Govt.] FILM FESTIVALS witness a tough journey track to go ahead, even discontinuation for a while and restarting again.

JIFF also went through such a rough track, but the journey continued without break. JIFF would keep going on this journey to accelerate ART and CINEMA.

### **Comparison with CANNES FILM FESTIVAL**

If a comparison of JIFF is drawn with CANNES it would come out JIFF has screened more than 232 films in 11 screens, where 100 countries participated. JIFF is screening a bigger number of great films than CANNES.

### **Comparison with JAIPUR LITERATURE FESTIVAL**

Majority of the visitors at JLF are foreigners, who are already in India; while 99 % visitors at India; while 99 % visitors at JIFF come to India merely to attend it. JIFF has a wider scale than much talked about JLF in all over the world.

### **Comparison with IFFI GOA FILM FESTIVAL**

INTERNATIONAL FILM FESTIVAL OF INDIA - GOA could never screen 217 Films at 11 Screens simultaneously. Neither 95 % of the selected film makers attend the Festival, nor did 100 countries participate in the Film Festival.

## **How did JIFF become such SPECIAL?**

**JIFF has provided a transparent and honest platform to the Film Makers across the world; and hence bestowed them a novel identity. We do not merely wish to organize a Film Festival/s. We are constantly putting our efforts to make the city of Jaipur a CINEMA HUB and transform the state of Rajasthan into a FILM ARCHIEVE.**

**When a boy of only 24 years initiated JIFF numerous questions cropped up! How would it be possible? Where would the money come from? Is it possible to happen in a small city? All these doubts are history now; and today JIFF is making a new mark in the history of Film Festivals in the entire world.**

**Most of the great Film Makers creating Cinema of true art / substance or delivering a good message are associated with JIFF now.**

## **FIVE SECTIONS**

**JIFF is organized after being classified in FIVE parts  
JIFF, Film Market, Co -Production, Regional Cinema  
Special Sessions, Workshops, Seminars and Publications**

JAIPUR

FILM  
FESTIVAL

It's believed that Cinema brings the socio-cultural issues to the core. The changing aspirations and trends of a society are reflected in the cinematic creativity. It is also a medium of teaching moral values to the society. Hence, the Jaipur International Film Festival assumes special significance as it offers unique opportunity of presenting the diverse cultures and ethnicities across the globe through the medium of Cinema.

**Ashok Gehlot,**  
**CHIEF MINISTER, RAJASTHAN**

JIFF 2019 has imparted a new identity  
to the state of Rajasthan. In the coming  
years,

This Film Festival would widen the  
scope of art and culture of Rajasthan.

**FILM  
SUBMISSION  
OPEN !**

My message to the entire film fraternity through JIFF is that we should try to provide platforms to more countries, increase such competitions and encourage more film makers. Although film making cost has reduced but its distribution is still a complicated and tricky issue. JIFF has taken some steps in this direction and I want other big festivals to take it seriously and carry forward the idea to encourage the art of film making globally.
